

Transforming Patient Management for Modern Clinics

Medira Medical Era Smart Healthcare Scheduling

Presented By:
PT Diabs Indonesia Infotech

The Problem

The Healthcare Scheduling Crisis Affecting Your Bottom Line

Long waiting times frustrate patients, leading to negative reviews and lost business opportunities.

Manual booking systems cause scheduling errors and double-bookings, frustrating staff and patients alike.

Staff overwhelmed with phone calls, spending hours on scheduling instead of patient care.

Lost revenue from no-shows: Without automated reminders, clinics lose thousands monthly to missed appointments.

The Hidden Costs of Manual Processes

Paper-based scheduling

Double bookings

No automated reminders

Limited visibility

Staff burnout

Patient dissatisfaction

Missed appointments

Compliance risks

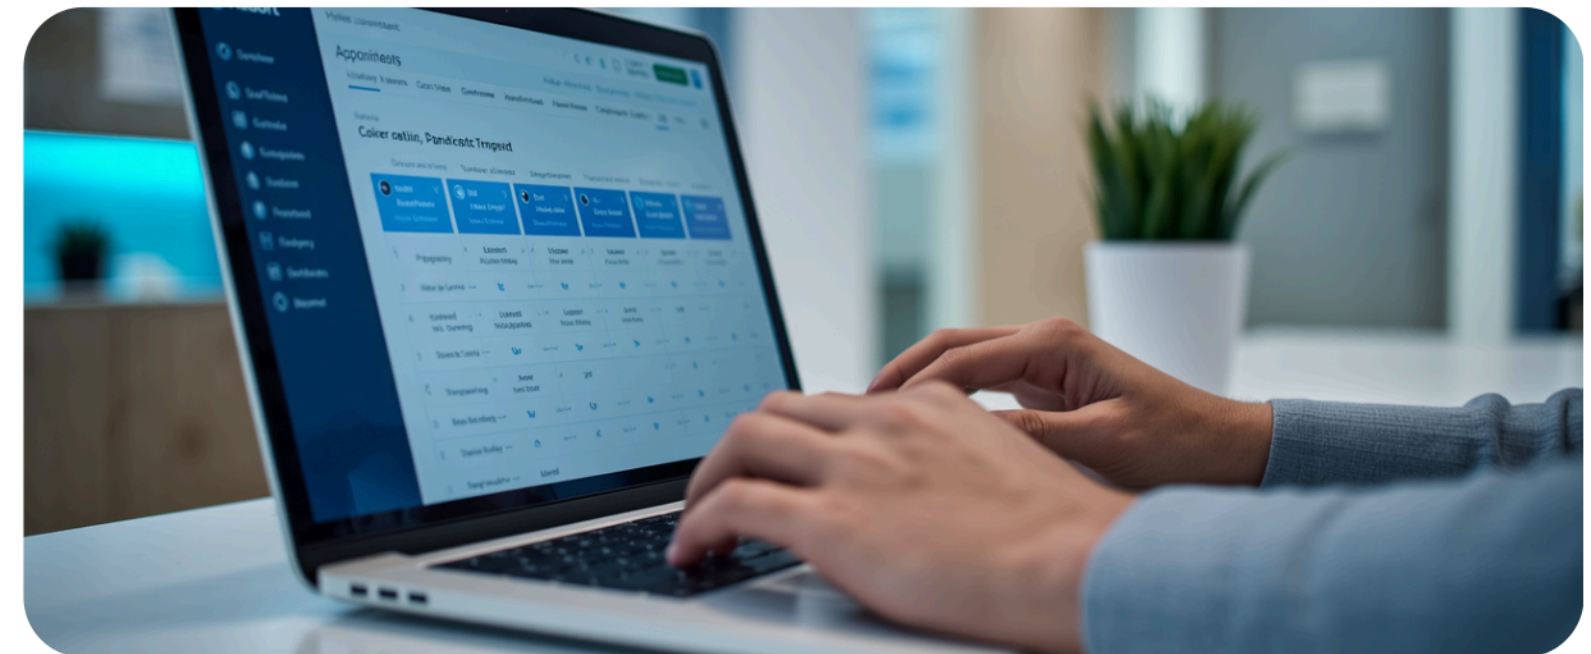

Online reservation system with real-time availability tracking for seamless patient booking

Automated scheduling that eliminates manual processes and reduces wait times significantly

The Solution

MediBook Pro: Your Complete Patient Management Solution

Key Features

Powerful Tools for Modern Healthcare

✓ 24/7 Online Booking

Patients book appointments anytime, anywhere. Reduce phone calls and eliminate scheduling bottlenecks.

✓ Patient Portal

Secure self-service access for patients to view records, prescriptions, and communicate with providers.

✓ Automated Reminders

SMS and email notifications reduce no-shows. Keep your schedule running smoothly.

✓ Analytics Dashboard

Real-time insights into patient flow, revenue metrics, and operational efficiency at your fingertips.

MediBook Pro

How It Works

Simple 4-Step Process to Transform Patient Management

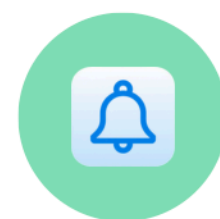

Online Booking

Patients book appointments online 24/7 through your branded portal or mobile app.

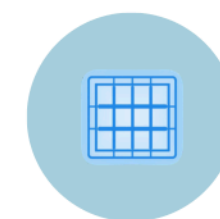

Instant Confirmation

System automatically confirms bookings and updates your calendar in real-time.

Automated Reminders

SMS and email reminders sent automatically to reduce no-shows by up to 70%.

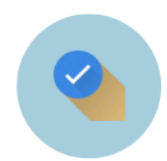

Staff Dashboard

Staff manages all appointments, patient data, and analytics from one intuitive dashboard.

Measurable Results

Proven Business Impact:

Improved appointment attendance through automated reminders and scheduling support

Reduced administrative workload by streamlining booking and patient management processes

Enhanced patient experience with a more seamless and organized digital healthcare journey

Medira

Use Case: Improving Patient Flow in Healthcare Facilities

Medira helps healthcare facilities streamline patient scheduling and queue management to improve operational efficiency and patient experience.

Built for Healthcare Efficiency

Designed to streamline patient scheduling, queue management, and administrative workflows in healthcare environments.

Improved Patient Experience

Helps reduce waiting friction and creates a smoother, more organized patient journey.

Reliable & Scalable System

Built to support healthcare facilities of different sizes with consistent performance and adaptability.
