

# D-Grade

## Streamlining School Communication & Reporting

The Smart Solution for Modern  
Education

## The Problem

# Schools Are Drowning in Paperwork

Teachers spend countless hours on manual report cards. Parents struggle to stay informed about their child's progress. Paper-based systems create delays, errors, and frustration for everyone involved.

Outdated processes waste valuable time that should be spent on students.

# Current Challenges

01

Manual report card creation consumes 10+ hours per teacher each term.

02

Communication gaps between parents and teachers delay student progress updates.

03

Lost paperwork and data inconsistencies create compliance risks.

**D-Grade**

# Introducing D-Grade

**A comprehensive online report system that digitizes grades, automates report cards, and connects parents instantly.**

# Key Features

Powerful tools designed to streamline school reporting and parent communication.

## Instant

### Automated Reports

Generate professional report cards automatically with one click.

## Real-time

### Parent Portal

Parents access grades, attendance, and updates anytime, anywhere.

## Integrated

### Grade Tracking

Seamlessly track and manage student performance across all subjects.

# How It Works

01

Teachers input grades digitally through an intuitive interface.

---

02

System automatically generates professional report cards.

---

03

Parents receive instant notifications and access via mobile app.

Three easy steps to transform your school's reporting process.  
*Simple, seamless, and efficient for everyone.*

# Measurable Impact for Your School

Real results from schools using  
our online report system.

Simplifying academic reporting while  
improving accuracy and efficiency.

**85%**

Admin Time Saved

**3x**

Faster Parent Communication

**100%**

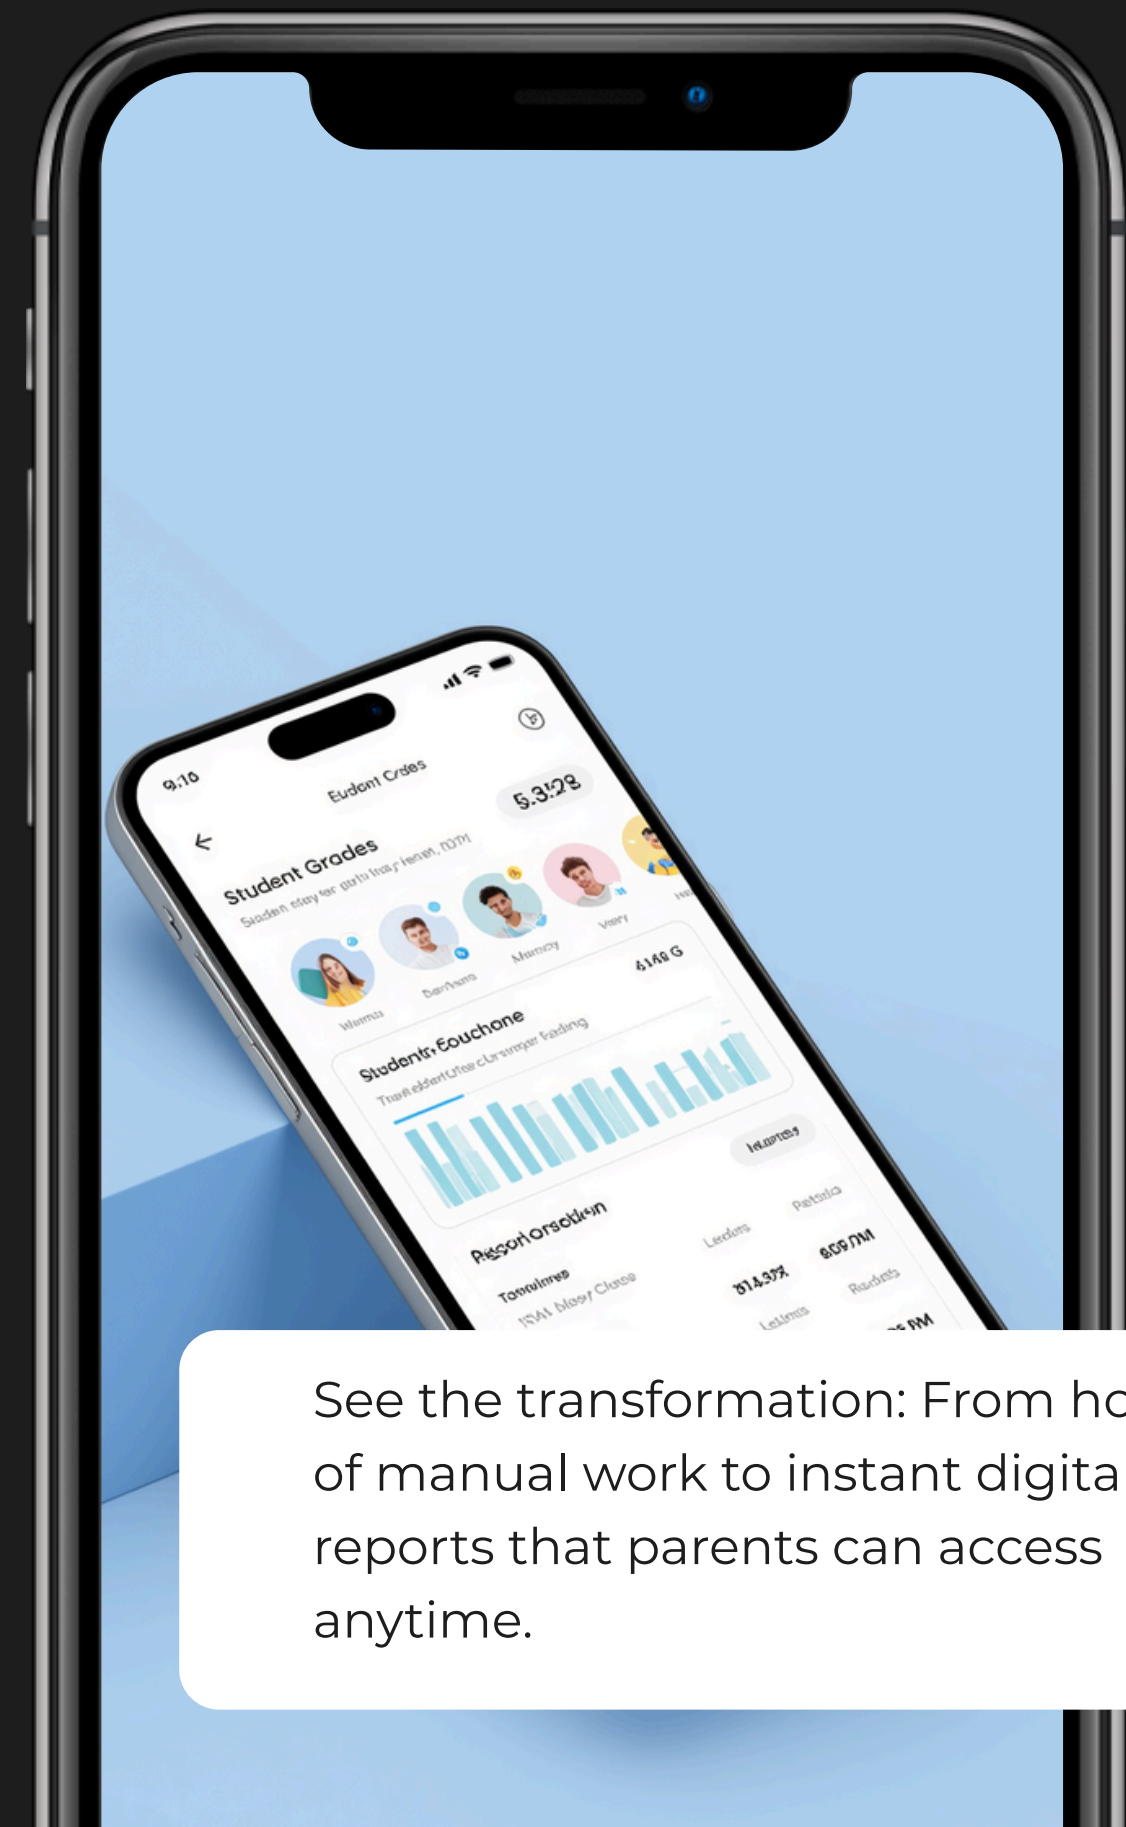

Paperless Reporting

## Before D-Grade

- Manual grade calculations
- Printed paper report cards
- Delayed parent notifications
- Lost or damaged records
- Time-consuming data entry

## After D-Grade

- Automated grade processing
- Digital reports anytime
- Instant parent updates
- Secure cloud storage
- One-click report generation

See the transformation: From hours of manual work to instant digital reports that parents can access anytime.

# Why Choose D-Grade

Built to support schools in simplifying academic reporting with accuracy, reliability, and ease of use.

Built specifically for  
school reporting  
workflows

Easy to use for teachers  
and administrators

Scalable for  
institutions of any size
